PROVINCIAL TABLES.

I. Area and Population of Talukas, Mahals and Selected States ..	(i)—(vii)
II. Population of Talukas and Pethas by Religion and Education ..	(viii)—(xxiii)

IMPERIAL TABLE I.

AREA, HOUSES AND POPULATION.

Notes—1. The units in this and other Imperial Tables differ from those for which statistics were given at the last Census in the following particulars. (i) A new Division called the Bombay Suburban Division has been constituted consisting of one District called the Bombay Suburban District. (ii) The Thana District is reduced by the extent of the aforesaid district. It is to be noted that in these Tables the Bombay Suburban District means the South Salsette Taluka only, as that Taluka stood on 18th March 1921. (iii) A revision of the Districts of Sind during the interval has resulted in the constitution of the District of Navabshah, and alterations in the boundaries of Hyderabad and Thar and Parkar. (iv) The Mevas Estates of Khandesh have been removed from the sub-head States and Agencies, where they appeared as "Khandesh Agency" in 1911, and added to the West Khandesh District. (v) The units for presentation of the figures of States and Agencies have been revised in such a way as to show separately all States having a population of more than one lac.

2. The area shown in this Table is 187,074 square miles, an increase of 151 square miles on the figures given in 1911. The causes for this increase are shown below:—

Details of changes of area in the units of the Imperial Tables since 1911.

GAIN.		LOSS.	
Extent Sq. m.	Cause.	Extent Sq. m.	Cause.
1	Reclamation (Bombay City).	14	Errors in reported area at last Census corrected.
92	By Survey Settlement of alienated villages in Satara District.	2	Transferred to Baroda State.
17	By Survey corrections, Sind (16), Presidency Proper (1).	3	Transferred to Bahawalpur State (Punjab).
62	By river action in Sind.	2	By river action in Sind.
172	Net gain 151 square miles.	21	

3. In Column 3 "Towns" means places treated as Towns or Cities for the purpose of Imperial Tables IV and V.

4. In Column 4 "Villages" means Revenue villages other than (i) those which are wholly absorbed in Cities or Towns, and (ii) those which on the night of the Census contained no population.

5. In Columns 5, 6 and 7 "Occupied Houses" means Census Houses. The term is not possible of a single definition. In the villages the Census House was the commensal family. But any building which contained a single individual on the Census night was reckoned as an "Occupied house." In Bombay City the Census House was the whole building under one undivided roof. In other cities and towns various other intermediate definitions were used. For a full discussion see the last portion of Chapter I of the Report.

6. In Columns 9 and 10, etc., "Urban" means persons enumerated in those places which are classed as Cities or Towns for the purposes of Imperial Tables IV and V. "Rural" means population enumerated in all other places.

7. For details by Talukas see Provincial Table I in this Volume.

For the meaning of "Towns" and "Villages" see the definitions of those terms in the notes to Imperial Table I.

IMPERIAL TABLE V.

CITIES AND TOWNS ARRANGED TERRITORIALY, WITH POPULATION BY RELIGION.

Certain places treated as Towns in 1911 have been omitted on this occasion, and certain new places added. The following changes must also be mentioned :—

Ahmednagar Cantonment.—Since 1911 the place called Bhingar has been included in this Cantonment.

Satara.—In 1911 three sub-units were shown, Municipality, Cantonment and Suburbs. The Cantonment has since been abolished, and the area covered by it is merged in the Suburban Municipality. There are therefore now two sub-units only, namely, the Satara Municipality and the Suburban Municipality.

Jacobabad.—The Cantonment is abolished, and its area included in the Municipality.

Bhuj.—Ditto.

Some places which were Municipalities in 1911 have ceased to be so, and some new places have become Municipalities. Existing Municipalities are indicated in accordance with information obtained from the local authorities.

"Suburbs" ordinarily means the population enumerated outside municipal limits, but within the limits of the Revenue Village or Villages whose name or names the Municipality bears. The following are cases in which this definition was, at the request of the local Revenue Authorities, departed from :—

NORTHERN DIVISION.

Broach District.

(a) *Broach.*—Suburbs means extra municipal portion of Broach (716) and parts of the following villages—Alipati (105), Kalami Vagha (24), Dungalrai (59), Vejalpore (336).

CENTRAL DIVISION.

West Khandesh District.

(a) *Dhulia.*—Suburbs means extra municipal portion of Dhulia (758), parts of Devpur (157) and Mahindala (193).

Poona District.

(b) *Poona.*—"Greater Poona" for the purposes of this Table includes the whole of the Poona Taluka except the entire village lands of Mundhva, and so much of the village lands of Aundh as are not included in Government House grounds. "Suburbs" means the remainder of "Greater Poona" as above defined, after excluding the two municipalities and the two Cantonments.

SOUTHERN DIVISION.

Belgaum District.

(a) *Athni.*—Suburbs includes huts outside municipal limits (1,093), Chikodi hamlets (205), Sankanhatti hamlets (1,126), Deoradderhatti hamlets (434), Wadarhatti hamlets (54), and Hosatti hamlets (77).

(b) *Belgaum.*—Suburbs means those parts of Khasbag which are beyond municipal limits.

(c) *Gokak.*—Suburbs includes both the extra-municipal portion of Gokak, and also its hamlets.

Bijapur District.

(d) *Bagalkot*.—Suburbs includes extra-municipal portion of Bagalkot (82), and Haveli (370).

(e) *Guledgud*.—Suburbs means population of Hardoli.

Dharwar District.

(f) *Bankapur*.—Bankapur town consists of the following Revenue villages—Shahbazar, Ankadkhan, Kotigeri and Khajapur. The figure (4,271) shown as the population of this town in 1911 was the population of Shahbazar only. It is now corrected by the inclusion of the population of the other three villages for that year.

(g) *Dharwar*.—Suburbs includes extra-municipal portion of Dharwar (13) and parts of the following villages—Saptapur (341), Hosyellapur (117), Attikol (12), Gulganjikop (5), and Lakmanhalli (42).

(h) *Hubli*.—Suburbs includes the following, being parts of certain adjacent villages—Krishnapur (27), Ahobalpur (34), Madinaikan-Arlikatti (1,594), Keshvapur (408), Mariyan Timsagar (300), Bammapur (71).

(i) *Ranebennur*.—Suburbs includes extra-municipal portion of Ranebennur (473), and Ranebennur Railway Station (102).

Kanara District.

(j) *Bhatkal*.—Suburbs means population of Susgadi village (152).

(k) *Honavar*.—Suburbs means population of Mallin Kurve hamlet (201).

(l) *Karwar*.—Suburbs means population of Baad village (1,754) and Oyster Rock (34).

(m) *Kumtha*.—Suburbs means parts of the following villages—Chitrangi (461), Manaki (444), Kalbag (1,788), Baggon (513), and Hosharwatta (437).

(n) *Sirsi*.—Suburbs means parts of the following villages—Kalkuri (128), Heepnalli (202), and Manajwalli (211).

Kolaba District.

(o) *Uran*.—Suburbs includes the following villages—Change (3,159), Bori (115), and Mhatavli (167).

Ratnagiri District.

(p) *Ratnagiri*.—Suburbs means parts of the villages—Karla (1,692), Zadgaon (1,061), and Nachne (1,190).

SIND DIVISION.

In Sind in 1911 no suburbs were shown, and it is clear that the definition of suburbs applied to the rest of the Presidency was not there brought into force. At the present Census an attempt has been made to get the required information. But the matter is rendered difficult by the confusion in Sind between the unit of residence and the unit of Land Revenue, to both of which the term village is at times applied. So far as possible the definition given in the first note has been applied and cases in which it is not exactly applicable are indicated in the notes below.

Karachi District.

(a) *Kotri*.—Suburbs means the extra-municipal population of Kotri (965), and the population of Khanapur (406).

Sukkur District.

(b) *Ghotki*.—Suburbs means the population of Ghotki Railway Station.

(c) *Rohri*.—Suburbs means extra-municipal population (94), and Railway Engine Sheds (1,764).

Kathiawar.

No Suburbs are shown. But in the case of the following towns the Railway Station population was as shown in the annexed list.

IMPERIAL TABLE VI.—RELIGION.

The following are the figures included under "Others":—

Religion.	District.	Persons.	Males.	Females.
Indefinite Beliefs (Agnostic) ..	Bombay City ..	1	1	..
Do. (Theosophist)..	Ratnagiri-(Weral Malvan Tal.	24	13	11
Sanjogi ..	Upper Sind Frontier.	64	30	34
Religion not returned ..	Poona ..	1	1	..

Indefinite beliefs were at previous Censuses included under Christian.

In the 1911 Tables there was a Head "Hindu-Mahomedan", which included Matias, Momnas, Imamshahi Sheikhs, Molesalams, Sanghars and Sanjogis. At the Census the first five have been taken to Musalman, and the last (Sanjogi) has, as in 1901, been taken to "Others". The fact that only one person is shown as "Religion not returned" does not mean that Column 4 of the Census Schedule was in all other cases filled up. It was, on the contrary, often blank. But in all other cases the remaining entries, such as Caste and Name, afforded a clue to the religion, which was accordingly filled in, in the Abstraction Offices.

The figures for Sikhs are unreliable. Sikhs sometimes return themselves as Nanakpanthis, and are then classified as Hindus in the Abstraction Offices. The figures for Animist are also unreliable, and depend on the caprice both of the Enumerator and the Abstraction Office.

Hindu-Arya means Member of the Arya Samaj, and Hindu-Brahmo means Member of the Brahmo Samaj. Here also the figures are unreliable, since many members of these Samajes return themselves, or are returned by the Enumerator, as simply "Hindu", and are then taken to Hindu-Brahmanic.

Lingayats are included under Hindu-Brahmanic.

Sects of Christians are shown in Table XV; and sects of Musalmans and Jains are shown in Subsidiary Tables in the Report Volume. Sects of other religions were not recorded.

IMPERIAL TABLE X.

LANGUAGE.

The languages of the Presidency and other Indian Languages are not arranged in alphabetical order, but in the order in which they come in the scheme of classification adopted by the Linguistic Survey.

Balochi includes Makrani.

Lahnda means Western Punjabi, and includes Multani and other synonyms.

Siraiki and *Jatki* are not a true language or languages. But since these names may be used either of Sindhi or Lahnda, and it is therefore impossible to allocate the returns to either head, they are kept distinct.

Thareli or *Dhatki* and *Kacchi* are both treated as dialects of Sindhi in the Linguistic Survey, but are here kept distinct because of their limited regional distribution and for other causes.

Konkani means the language usually known as Goanese.

Hindi means Western Hindi, and includes Urdu, Hindustani and Musalmani.

Rajasthani includes Marvari, Mevadi, Malvi, etc.

The above notes are as much as can be given here. For a full discussion of the terms and full explanation of what is included under each head reference is invited to the Report.

* The figures in bold type under each item are complete totals for the whole Presidency. The figures under each District are selective only. This Table is to be compared with Imperial Table XI—Birth-place, Section B to G. The two sets of figures will never correspond, because some Indians are born abroad and some Englishmen and foreigners in India. Apart from this in a few cases the racial terms are uncertain, e.g. "South African" and "American."

† Excluding Afghans, who are included in Part I, Section A, with Pathans as an Indian Caste.

IMPERIAL TABLE XV.

TERRITORIAL DISTRIBUTION OF THE CHRISTIAN POPULATION BY
SECT AND RACE.

Distribution by Race.—The term “allied races” is loosely used to cover Americans, Armenians (for the number of whom see the Note to Table XVI), and any other foreigners, the number of which would at any Census be so few as not to justify the opening of separate Race Headings. On this occasion the 42 Males and 55 Females in the Kolaba District, shown as “*Syrian, Nestorian*” by sect, are included under “European and Allied Races” by race. These persons were refugees of the Christian community usually known as “Assyrian,” and resident before the war on the Perso-Turkish frontier. One Japanese Christian from Ahmedabad has also been included.

Distribution by Sect.—The main Sectarian names prescribed for this Table are those given in the headings of the Sect columns. But the following prescribed main Sectarian names, of which no returns were received, are omitted:—*Abyssinian, Quaker, South India United Church.*

In all cases under each Sect there would normally be three Race headings, with separate figures for each. But to save space, wherever, in the case of any Sect, returns were received under only one or two of the race headings, the remaining race heading or headings have been cut out. And, where a Sect was only returned under one race heading, the Total Column is also cut out.

This Table was No. XVII in 1911.

IMPERIAL TABLE XVI.

EUROPEANS AND ALLIED RACES AND ANGLO-INDIANS BY RACE AND AGE.

Table XV showed the distribution of Christians including Indian Christians by Sect, each Sect being divided into Race Headings.

The present Table has nothing to do with Sect. It omits Indian Christians, and deals with the rest by Race and Age. It consists of two main parts—(a) Europeans and Allied Races including Armenians, and (b) Anglo-Indians.

For the definition of "Allied Races" see the Notes to Table XV. Part (a) is divided into 1. British Subjects and 2. Others. Armenians have been included in "Others". The age distribution of Armenians is as follows:—

District.	All Ages.	0-10	10-16	16-18	18-30	30-40	40-50	50 and over.

Part (b) is not divided into British Subjects and Others, since all Anglo-Indians have been taken to be British Subjects.

Actually the classification of any person or persons into British Subjects or Others is a matter of inference, the Census schedules having contained information as to Race and not Political Nationality. But the errors, if any, would balance out.

This Table corresponds to Table XVIII of the last Census.

PROVINCIAL TABLE II.

NOTE I.—This Table is the same as last time except—

(1) the Totals for the Cities have been separated from the Totals for the remainder of the Taluka in which each one lies.

(2) Columns 2 to 7 of the Table of 1911 have been expanded into 8 columns, columns 8 to 19 being renumbered as 10 to 21 accordingly. Last time the Hindu, Jain and Animistic Castes were divided into three classes—Learned, Backward and Rest. This time they have been divided into four classes as follows—(i) Advanced, (ii) Intermediate, (iii) Backward, and (iv) Rest. A complete list of Castes for the first three classes is appended. It is based on the Caste Index. Where any caste is mentioned the term given includes the synonyms shown in the Index. The fourth class will comprise all castes not shown in the list. This will mostly be strangers from other Presidencies, *e.g.*, entries such as “Pardeshi”, very rare castes, and castes not known.

II. In the case of Haveli Taluka and Mulshi Petha the figures of total population in Provincial Table I were Haveli, Males 61,212, Females 59,699, Total 120,911; Mulshi Petha, Males 13,309, Females 12,345, Total 26,351. Those figures are the correct totals. The figures shown in this Table differ slightly for the following reason. The Railway Coolies’ Camp near Chinchwad Station in the Haveli Taluka was enumerated by the authorities of the Tata Hydro-Electric Company which is constructing the light railway, and as the head office of the Company was in the Mulshi Petha the enumeration book for the Coolies Camp was amalgamated in the head office returns and went into the Mulshi Petha figure incorrectly. The mistake was not discovered until sorting was completed. It was then possible to correct the figures of Total population by adjustment. But to have corrected the figures for this Table would have involved a careful redistribution of the slips in the sorting units Haveli and Mulshi and their complete re-sorting for age, caste and literacy. The delay and expense involved would have been considerable, and could not be faced. It is hoped that the very small proportional errors in this Table will not be sufficient to render it useless as regards the Taluka and Petha mentioned.
